## [SLOT MACHINE GAME]

### Version History

This Slot Machine game has two versions. The current game version is 1.0.0

#### **Past Versions**

-0.0.1 (June 03, 2012)

I. **Game Overview**

*This is a simple Slot machine game. The user bets money and has a chance to win more, or lose their bet!*

II. **Game Play Mechanics**

*This is a simple Slot machine game, the user can bet 10, 100, or max bet(500), and spin the reels. If the reels land in a winning order the user wins money, otherwise they lose their bet. If the user gets a correct match, then they have a chance to win an even bigger jackpot.*

III. **Controls**

*The controls for this game are simple. Clicking on one of the bet buttons will bet a certain amount of money, clicking spin will play the game, clicking reset will reset the game and clicking power will exit the program.*
